THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Surry, in the County of Cheshire in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall in Surry on Tuesday, the fourteenth (14th) day of March, 1978 at 2:00 P. M. in the afternoon to act upon the following articles:

THE POLLS WILL BE OPEN FROM 2:00 P.M. TO 7:00 P.M.

TO CHOOSE THE TOWN OFFICERS AS LISTED ON THE OFFICIAL BALLOT.

1. At the close of the polls a motion will be made to postpone action on the remaining articles to Thursday evening, March 16th, at 7:30 P.M. at the Town Hall, or take any action in relation thereto.
2. To hear the reports of the Town Officers and Committees.
3. To see if the Town will authorize the Board of Selectmen and Treasurer to borrow money in anticipation of taxes.
4. To see if the Town will vote to accept Trust Funds that have been received by the Town during the past year.
5. To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, to remodel the Town Hall to accomodate Town Offices, the amount being \$5,245.32.
6. **BY PETITION:** "To see if the Town will vote to take over the balance of Hallwood Drive, plus the turnaround, or take any action in relation thereto."
7. **BY PETITION:** "To see if the Town will vote to raise and appropriate the sum of \$600.00 for the purchase of new fire hose one-half of which will be matching funds from the State of New Hampshire Dept. of Resources and Economic Development, Division of Forests and Lands."
8. **BY PETITION:** "To see if the Town will vote to raise and appropriate the sum of \$29,000 for the purchase of a new fire truck. To authorize the Board of Selectmen to issue and sell bonds or notes in the name and on the credit of the Town, under and in accordance with the provisions of the Municipal Finance Act, Chapter 33 RSA, and to delegate to the Board of Selectmen authority to fix the time and place of payment of such bonds or notes and to determine the rate of interest thereon and to take such other steps as may be necessary to negotiate such bonds or notes as shall be to the best interest of the Town of Surry, or take any action in relation thereto."
9. To see if the Town will vote to authorize the Selectmen to sell or dispose of a Low Band Police Radio or take any action in relation thereto.

10. To see if the Town will vote to accept the Budget for the calendar year 1978 as presented by the Budget Committee and raise and appropriate money for the same or take any action in relation thereto.

11. To take up any other business that may legally come before said meeting.

Given under our hands and seal this 21st day of February in the year of our Lord nineteen hundred seventy-eight.

Earl W. Proulx
Hugh V. Clark
Carl E. Lorette
Selectmen of Surry

A true copy of warrant --Attest:

Earl W. Proulx
Hugh V. Clark
Carl E. Lorette
Selectmen of Surry

**BUDGET OF THE TOWN
OF SURRY, N. H.**

ROAD STUDY COMMITTEE REPORT

The Town of Surry Road Study Committee was appointed by the Selectmen to make a study of the road maintenance methods used and to make recommendations that would improve the condition of the roads and reduce costs.

Numerous complaints by residents about the condition of the roads plus rapidly increasing expenditures for road care indicated a pressing need to do something about this important function of Town government. Except for schools the expenditures for roads represents the largest item in the Town Budget.

COMMITTEE PROCEDURE

The Road Study Committee started it's work by reviewing records covering previous road work. These records proved to be incomplete and where available did not describe the work in sufficient detail to enable the committee to come to any conclusions.

The Selectmen provided the committee with a map of the Town roads. From this map it was determined that the Town is responsible for maintaining slightly less than 10 miles of roads. State maps verified this to be 9.75 miles.

Committee members contacted the City of Keene Public Works Department and State Department of Public Works and Highways for information concerning road care. Snow fall records listing days and amounts of snow were obtained from the City. Cost figures plus equipment and material used were obtained from the State. Other information was gathered by interviewing Town residents and contractors.

ESTIMATED COSTS OF MAINTENANCE

Although cost figures obtained were for other areas than the Town of Surry and the type of maintenance varied, it appears possible to estimate reasonably well the cost of winter maintenance for the Town. State and City figures for similar roads average slightly less than \$1,000 per mile per year for plowing and sanding. This does not include the heavy salting that is required for State and City roads. This means that the cost of plowing and sanding roads for the Town of Surry should not exceed \$9,000 to \$10,000 per year.

Summer maintenance has cost considerably less than winter maintenance and the committee estimates that this should not be over \$5,000. This does not include the T.R.A. (Town Road Aid) funds that are obtained from the State. The T.R.A. funds are designated for road improvements or major reconstruction. They cannot be used for general maintenance. The recent increase in gasoline tax will increase the amount of this type aid from \$2,299.34 to \$6, 121.78.

ROAD CARE RECORDS

A study of existing records to learn how road care had been planned and performed in the past quickly revealed that such records were incomplete and of little value especially in planning for the future. It was impossible to determine how moneys allocated for roads in the Town were actually spent. Records showed only roughly how much money was spent for snow removal, summer maintenance and tarring. It was impossible to determine where and what actual work was done in these categories. Without such information it is impossible to budget and control costs for road care. An improved system of reports and record keeping must be set up in order for the Town to gain control of road care and costs.

Conversations with Robert Dodge, superintendent of Division 7 of the State of New Hampshire Department of Public Works & Highways and his associates provided the committee with valuable information concerning the State's system for road care and cost control. Also, Mr. Dodge and his associates provided the committee with the Road Inventory for the Town of Surry and copies of the forms used by the State for reporting road work. While it is not necessary for the Town to use such an elaborate system, parts of this type system would be helpful in setting up and improved system for Surry.

The basis of the State system is a code that identifies all types of road care. Roads are identified as Systems with numbers and all work is reported as to the System number worked on. Type of work performed is reported according to an established code as are equipment used, materials and labor. From these reports it is possible not only to account for all expenditures but also to identify where the work was done. This is important in planning for major improvements. Roads showing high maintenance costs should be improved to reduce the maintenance necessary. This type of work can be done with T.R.A. funds. Also, reports provide the information to prepare an annual report on road care. Such a report is necessary for residents of Surry to make intelligent decisions concerning the road care budget.

ROAD MAINTENANCE REPORT FORM

The committee has prepared a suggested form of Road Maintenance Report, a copy of which is attached. All persons performing or responsible for road maintenance would be required to submit a copy of this form properly completed before payment would be made. This form is not suggested as a replacement for the usual Payroll report. It is intended to provide the person responsible for roads with the information needed to control maintenance and cost. It also would provide the information for the Annual Report on Road Maintenance and Cost.

COMMITTEE RECOMMENDATIONS

It is the opinion of the committee that the Town has three viable alternatives for providing the necessary road maintenance. These are as follows:

ALTERNATIVE NO. 1 - Road Agent with Town Owned Equipment

Under this alternative the Town would purchase a truck and plow large enough to clear all roads under all but exceptional storm conditions. The Town would also acquire the land for a garage and the necessary storage area for materials such as sand and salt. A garage suitable for proper storage of equipment, tools and maintenance equipment would be constructed on the site. A loader of some type would also be acquired. The estimated costs for this building and equipment are as follows:

Truck with plow	\$30,000
Land and garage	20,000
Loader	10,000
Total	\$60,000

Annual charges to cover this cost would depend upon the cost of bond, equipment maintenance and depreciation. This is estimated to be about \$15,000. A Road Agent's salary, plus cost of extra help, contractor charges during heavy storms, sand, salt, fill and patching material are estimated to be at least \$10,000 per year making the total cost for this alternative to be at least \$25,000 per year.

ALTERNATIVE NO.2 - Road Agent with own Equipment

This alternative is essentially that used by the Town in the immediate past and based on residents' comments, it has been quite unsatisfactory. Costs have risen sharply with no seeming control over what was done or what the costs would be. Some changes relative to the selection of the Road Agent and control over the work and expenditures would be necessary to make this alternative acceptable.

If this alternative was to be used for the future, some better method of controlling the Road Agent would have to be established. Advertising the job more widely might introduce some competition for the job. Requiring more detailed reporting would tighten up on the accountability to the Selectmen. An Annual Road Maintenance Report would permit the residents to judge the performance of the Road Agent more accurately.

ALTERNATIVE NO. 3 - Road Maintenance Administrator

Under this alternative the Selectmen would hire a Road Maintenance Administrator. The Administrator's duties would be administrative only and would not require actual direct labor. All work to be done on the Town roads would be done by contractors or equipment and labor hired by the Administrator. The Administrator would keep detailed records of what work was performed, where, by whom and the reasons for it. The person holding this position would be responsible for checking the work to see that it was done properly and within a reasonable period of time.

The administrator would prepare a budget for all highway costs, keep records of costs and keep spending within the limits of the budget.

More specifically, for winter maintenance the Administrator would hire a contractor to keep the roads plowed, sanded and salted as necessary for winter travel. The committee feels the contractor should be hired for the season and paid at an approved hourly rate for his labor and equipment. The contractor should be hired by the Administrator with the approval of the Selectmen. It would be the duty of the Administrator to decide when to call the contractors to start plowing and when and how much sand and salt was to be used. The person holding this position should tour Town roads periodically to determine what work was to be done and balance costs against what work was necessary to maintain roads in an acceptable condition.

For summer maintenance the Administrator would schedule patching, brush cutting, culvert cleaning and ditching on all Town roads, keeping always within his budget. He must keep detailed records of the location of all work done and the costs of all work. For summer maintenance the Administrator could either hire a contractor to perform the work or hire labor directly as the situation required.

The Town should establish a program for reconstruction of Town roads, using Town funds in addition to the T.R.A. funds, which would be under the direction of the Administrator. The Administrator should set up a program for the use of these funds based on the records of maintenance costs and other factors. He should work closely with State highway engineers to insure that all moneys are spent wisely. The Administrator would inspect all work during construction and also inspect any roads in new developments to see they are properly built.

To make this proposed system work, a great deal depends upon the person hired for the job (as does any system). The Administrator should have some knowledge of roads, be able to listen to resident complaints, to have a good working relationship with the Selectmen, State highway officials and contractors and most of all to be conscientious.

The committee recommends a salary range of from \$1,000 to \$2,000 for the position of Road Maintenance Administrator.

It is the consensus of the committee that **Alternative No. 3 would be the most suitable for the Town.** It is estimated to be the least expensive of the three and provides for a manager to relieve the Selectmen of the immediate responsibility for road maintenance.

Respectfully submitted,
Town of Surry Road Study Committee

**NORTH CHESHIRE COUNTY HOME HEALTH SERVICE
REPORT FOR YEAR ENDING DECEMBER 31, 1977**

Dear Friends:

Perhaps you know someone who has had a visit from the North Cheshire County Home Health Service. In the last year alone, our nurses traveled 4,594 miles to make 574 visits to provide health care right in people's own homes.

Our physical therapist made 158 visits and our licensed practical nurse made 1 visit. Our homemaker-health aide made 19 visits to assist with the longer-term home health care.

Altogether that makes 752 home visits for the fiscal year 1976-1977.

In addition to the home visits, our free Child Health Conferences were continued. This service provides physical examinations, immunizations, laboratory tests and health education for low-income families. The dental program for pre-school children was continued this year also. We are cooperating with the Women, Infants and Children (W.I.C.) Food Supplement Program enrollment.

In October Free Blood Pressure Clinics were started in each town. We plan to continue them monthly if they are well attended.

The North Cheshire County Home Health Service was started eight years ago. It now serves the towns of Gilsum, Marlow, Nelson, Stoddard, Sullivan and Surry. Our office is located in the Legion Building on Banks Road in Gilsum.

Our staff includes two nurses, Edith Hasbrouck and Sandra Gourley, a physical therapist, Hilda deMoya, and a licensed practical nurse, Paul Rocheleau. Dr. Gilbert Fuld continues to serve as the pediatrician for our Child Health Conference.

Respectfully submitted,
Richard K. Kitlan
Cynthia M. Dejnak
